**Agincourt** is a village of caring residents and we are happy that you are part of that village!

**Agincourt Village Community Association** stretches between Kennedy Road to Midland Avenue and Finch Avenue to the CPR Rail Tracks. The AVCA Executive advocates on your behalf “to **protect** our **historic** community and the **safety** of its residents by having a collective voice in changes that affect our neighbourhood.” During the COVID-19 pandemic our AVCA members have assisted residents living alone, sewn face coverings for Agincourt Community Services Association, contributed to the Food Bank and sought out groceries for those in need. That’s a village!

Our community has not had the opportunity to come together as often as we would like due to the pandemic, thus AVCA proposes we share and contribute to a season of “Lighting Up Agincourt Village” during December 2020 - January 2021.

Of those households who participate, if you are interested you can enter our AVCA contest to win a prize! To enter send your **name and address** to [avcatoronto@gmail.com](mailto:avcatoronto@gmail.com). Your lighting creation will be judged and voted on by your community the week of January 11, 2021.

In our village of many cultures we all celebrate light in various forms – let’s bring that light to Agincourt!

\*AVCA will not be collecting door-to-door memberships this year. Your \$20 per household membership for 2021 can be dropped off at 38 Agincourt Drive as cash or cheque addressed to Agincourt Village Community Association.

## Lighting Up Agincourt Village

*In the village of Agincourt there’s something kind of special,  
It is for the people who live here that it is consequential,  
A historic little community, with an engaging spark,  
And together this season we’d like to share some of it after dark.*

*During the cold long dark days of Autumn and Winter,  
Though some might say if they could just go a hinter,  
As we dream of getting together in the warmth of our slumber,  
Let’s find a way to make this season a little bit humbler.*

*AVCA thought and thought and we came up with a plan,  
We can light up our homes to be seen from Newfoundland,  
Let’s brighten this season and make our streets glow,  
This will surely raise spirits while we’re shoveling snow!*

*Our Agincourt community is such a very special place,  
We’d like it to be visible from outer space,  
So dust off your lights, create a special scene outside,  
Let’s light up our houses with Agincourt pride!*

*We hope you all join us to create a fantastic display,  
Bring some cheer to our streets in this community way,  
It can be big or small, one colour or several more,  
It will be cherished by all as they pass by your door.*
